Kailie Carrigee

Valedictorian

Monique Roth Editor

All the hard work paid off.

“It’s definitely been a goal of mine to be valedictorian since day one as a freshman,” Destrehan High School class of 2022 graduate Kailie Carrigee said. “The way I found out that I got it is when Mr. Madere called me. I had just finished my AP Calculus exam and I was exhausted and sitting at my house. He said he was just letting me know that all of my hard work had paid off. It was a really rewarding feeling to know that all my work had been recognized.”

Carrigee said her dad was actually the first family member to find out the good news.

“My dad called me and told me, ‘If you get a call from a random number make sure you answer it,’” she said laughing. “There was a plethora of qualified candidates. I knew it was going to be a tight race, but I knew I always strived for excellence, and I knew I had a great shot.”

In the fall Carrigee will head to Louisiana Tech University on a full National Merit Scholarship. Achieving the honor of becoming a National Merit Scholar was something she worked extremely hard for, Carrigee said.

“I always wanted to achieve it, but it became a difficult task when the pandemic happened,” she said. “I basically spent almost every day in the pandemic studying ... I’m a very self-motivated student.”

At Louisiana Tech, Carrigee will major in biomedical engineering and perform as part of the college’s dance team – The Louisiana Tech Regal Blues.

Carrigee’s years at DHS were filled with dancing, as well as a bevy of other activities, awards and accomplishments. She danced for four years on the Desty Darlings Dance Team, serving as

Indira Escobar

Salutatorian

Indira Escobar hopes that people remember her as “the girl on fire.”

“This is a hunger games reference to Katniss Everdeen, who is deemed ‘the girl on fire,’” the Destrehan High School class of 2022 salutatorian said. “She’s able to ignite change in the totalitarian system that is Panem. Fighting to alter the inequity marginalized groups face and then shine light on the continuance of their success is a mission that I am passionate about.”

Escobar’s zeal to vocalize issues BIPOC (Black, Indigenous, and people of color) face led her to be a co-founder of Nola Empower Latinx. This August she will move across the country to attend the University of Southern California, where she will major in computer science and journalism.

“During my undergrad years I will be studying communications to prepare me of how to share and voice community concerns on different mediums,” she said. “Additionally, I will be studying computer science to continue my hobby of coding in hopes of implementing software in what I do. Long term, I want to combine my passion for film and personal goals of social change to create cinema that reflects advocacy. This advocacy will continue the theme of fighting for social justice that I have found in my later years of high school.”

Escobar’s high school career was filled to the brim with academic achievements, personal development and extra-curricular activities.

She was the co-founder of the Trinity Force Robotics, which she said fostered an environment for under-represented people in STEM. Escobar was a member of the homecoming court,

Accomplished grad has sights set on college, then medical school

Monique Roth Editor
moniquer@heraldguide.com

Amna Aslam has her sights set on medical school now that her high school years have come to an end - years that, she said, were filled with wonderful teachers.

“The things that I will miss the most

about Destrehan High School are the teachers,” she said. “They made me feel welcomed and challenged me through the years because they knew how strong I was. One of my teachers that I am not ever going to forget is Mr. Plasse, my English teacher. He is an amazing teacher that knows how to get his student to open up to him.”

Aslam, a 2022 DHS graduate, is headed to Xavier University in the fall where she will double major in biomedical engineering and biology. She plans to attend medical school after college.

Aslam’s years at DHS were filled to the brim with extracurricular activities and achievements. She was part of the National Honor Society, Culture Club, National English Honor Society – where she served as secretary, Beta Society – where she was the senior secretary, Mu Alpha Theta – where she served as the historian, DHS Interact, String Theory and Trinity Force Robotics. She was also a Wildcats Mentor.

“I received my senior letterman jacket for being in all honor courses for four years, which was very important to me because it showcases all my

accomplishments,” Aslam said.

Aslam has already laid groundwork for her medical career during high school by completing several certification programs. She was awarded a LCMC Health Active Shooter Response Training certificate for completing a course that taught her what her response should be if there is an active shooter in a hospital, and earned a UMC: Bariatric Sensitivity Certificate for completing a course teaching her proper responses while working with obese patients.

Aslam earned a LCMC: Covid 19 OSHA Emergency Temporary Standard certificate for completing a course detailing proper Covid responses and was also awarded the LCMC: 2021 Annual Regulatory Training certificate for successfully finishing volunteer training to become a UCMC volunteer.

In the summer of 2020 Aslam had the opportunity to work with Dr. Dimple Xavier, an ophthalmologist, each week.

“I was able to learn about a different part of the medical field that only deals

with the eye,” she said. “I worked with an amazing doctor that helped me communicate with patients and educated me on different patients’ history. I saw patients’ histories of illnesses that might result in loss of eyesight. Also in the summer of 2020 I was able to volunteer at University Medical Center in New Orleans ... and was able to get close insight into how the medical field operates. I was able to help out the oncology department and one of the nursing units.”

Aslam continued to volunteer on the weekends in the medical field throughout the 2021-2022 school year. She said the accomplishment that she is most proud of getting is the Asian & Pacific Islander American Scholars Scholarship.

“I am so honored to represent the Asian community,” she said. “I attribute all my success to my parents that made me who I am today ... without their support I would be nothing.”

Congrats

Volunteerism is a way of life for recent grad

Monique Roth Editor
moniquer@heraldguide.com

Madison Neighbors, a member of Destrehan High School’s class of 2022, graduated with an Honors distinction. And while she took numerous Advanced Placement and Honors courses in high school, as well as participated in many clubs and extracurricular activities, what really sets Neighbors apart is her service.

Throughout her high school years Neighbors has volunteered at food distributions after Hurricane Ida, at the Alligator Festival, at the Destrehan Fall Festival and through the Southeast Louisiana Youth Council. She has volunteered on Super Saturday at Carousel Gardens in City Park to pick up the Christmas trees and lights from Celebration in the Oaks, and also at Second Harvest Food Bank in New Orleans.

Her volunteerism didn’t stop there. Neighbors has worked with the Southeast Louisiana Youth Council to donate to the Animal Rescue of New Orleans Pet Drive, and has also done work with Toys for Tots and the Matthew 25:35 Food Ministries. She has

volunteered at the Tea Cup Auction and with the Gift of Love Food/COVID Supply Drive and National Women’s Month Drive.

“I participated in a Red Cross fundraiser after Hurricane Ida to help the Red Cross provide shelter to those with nowhere to go and to distribute meals and snacks to impacted communities across the state,” she said. “At the church I attend - Galilean Lutheran - our church made care packages including non-perishable snacks and personal care items to distribute to the homeless of the community.”

Neighbors was an also an active student at DHS. She was a part of numerous choirs for all four years and also participated in Earth Club, Mu Alpha Theta, Student Council, Newsletter Club, Robotics Club, String Theory, Fellowship of Christian Athletes, Interact Club, Talented Theatre, Southeast Louisiana Youth Council, National Honor Society, National English Honor Society and the DHS/NES Mentor Program. She was a Student of the Year nominee.

“I also am a teen ambassador for an Instagram account called She Is Golden,” she said. “Last year, I had the ability to write a blog for the She Is Golden

website about fighting racial injustice through the ‘three E’s’: education, expression, and explanation.”

In the fall Neighbors will attend the University of Alabama at Birmingham to study nursing. And while she’s excited to move on to bigger and better things in Alabama, Neighbors said there is also a twinge of sadness about her time at DHS being over.

“I cried on the last day ... I wasn’t expecting that, but I feel like I’m leaving a lot,” she said of her final moments as a student at DHS. “What I’ll miss the most about high school is the family aspect of it all ... all of the stuff we’ve been through with the pandemic and then the hurricane ... it just brought us all close together.”

Neighbors said the past year also afforded her the chance to get closer

– literally - to her family, as they have been living in a trailer following Hurricane Ida. Her family has been a solid support system, Neighbors said, and she has simple advice for anyone entering high school.

“Trust the process and stand up for yourself,” she said. “Make sure your voice is heard and advocate for yourself.”

DHS grad learned life lessons on golf course

Ryan Arena Editor
ryana@heraldguide.com

Glenn Taylor didn't grow up in St. Charles Parish prior to arriving at Destrehan High School, or in Louisiana at all for that matter.

In fact, when the prospect of moving from his then-Las Vegas home first arose, he wanted no part of it. But that was then, this is now, and Taylor couldn't be happier that life took him on this path.

"It's been such a great experience,"

Taylor said. "I love this city, and I love the people, the culture ... looking back, I wasn't wanting that change, but now, I'm so happy it did."

Taylor certainly has made the most of his time walking the Destrehan High School halls. He was a member of Beta, Interact, the Fellowship of Christian Students, Calendar Committee and the Superintendent's Student Advisory Board. He earned Posse and AP Scholarship honors, was four-time honor roll, a Student of the Year nominee, School Board prayer leader and was voted Destrehan's Most Polite student. Athletically, he has been on the DHS basketball team, and as a senior, he was captain of the Destrehan golf team.

"When I got here, I wasn't like the other students who have been here all their lives and grew up together," Taylor said. "I didn't have a lot of friends, necessarily. So, I made a point to make good personal relationships wherever I could while I was at school."

One of his activities became far more of a passion than Taylor could have imagined prior to trying it out: golf. His decision to take up the sport, Taylor said, was among the best he's ever made.

"Oh, my goodness, it opened up so much for me ... I learned so much about myself as a person through the game of golf," said Taylor. "My uncle is the Superintendent of English Turn, and he said, 'Hey, you should try it out.' So, I did, and I loved it ... not just the sport, but everything that came with it. The ambiance of being in nature, the relationships you build."

"It's the only time you can really get away. Everything you're worried about before, you can forget all about it ... it's an escape."

He noted Destrehan golf head coach Paul Waguespack has not only been a mentor in the game for Taylor, but a friend.

"That friendship means the world," Taylor said.

For Taylor, golf was a means to learn self-discipline - "I never realized I lacked until I started playing golf" - and resilience. The physical and technical aspects of the sport are only the beginning. "This sport will break you down," Taylor said. "You can hit a good shot, and the next 10 shots you hit might be horrible. And in that span of 10 shots, it really reveals who you are as a player. Do you have the discipline to lock in and keep going, or are you going to give up and be done for?"

"That right there is something you can apply to life. You will get knocked down. You'll have bad breaks in life. But do you let that determine your future? You just have to move on, to the next hole, or to your next chance."

Taylor is also a selfless giver. With First Baptist of New Orleans church, he's helped with food drives, community

events and fundraisers. He said giving his time to helping with his church community became more important to him after going on a youth mission trip, when he said he fell in love with the church and found a purpose with them.

"Serving through faith, I think it's so powerful," he said.

His next step takes him to the University of Notre Dame, where he will study finance or economics - Taylor is weighing his options between the two. He also plans to minor in real estate development.

Whether it's on the golf course or in the classroom, Taylor said he's learned in life that forming and sustaining positive habits is a key to success, and he calls to a quote by author James Clear to crystallize that point.

"You do not rise to the level of your goals, you fall to the level of your systems," he said.

DHS grad gave her time to others early, often during her time in high school

Ryan Arena Editor
ryana@heraldguide.com

Ever since she stepped foot onto Destrehan High’s campus, Rebecca Soto has stayed busy as can be. Graduation day brought an official end to her time at DHS, and Soto said in a way, it almost didn’t seem real.

“I’m going to miss being in school for sure, but it does feel great to finally graduate,” Soto said. “It was amazing. I felt a rush of adrenaline walking across the stage.”

Soto never stopped during her time as a Wildcat.

She was a member of the National Honor Society, Marching and Concert Band and Air Force Junior ROTC. She was a member of the marksmanship team and rocketry club as a freshman and part of the color guard as a senior. She was Principal’s List three years, Honor Roll three years, AP Scholar, Air Force Special Operations Command Air Commando and she received the American Scholastic Excellence Medal.

Her school spirit is clear from that list of accolades, but she’s also a spirited helper.

Soto assisted with several fundraisers over her time at DHS. She tutored Spanish students and helped others prepare for the ACT. Soto volunteered her time to babysit 12 children after school from her eighth-grade year through the

current year. After Hurricane Ida, she helped clean out homes and assisted in construction work for several. She’s conducted free music lessons for children and she’s helped the elderly learn how to utilize different technologies during quarantine in 2020 to help them talk to their families. Through it all, she’s helped to care for her own grandmother and other family members.

“I’ve always believed in the motto of ‘Pay it forward,’” said Soto.

Part of what fuels her to give back is her own difficult experiences growing up. Soto recalled being bullied in elementary school, and she said that memory made her want to ensure others would not feel helpless.

“I was bullied for being Hispanic ... I didn’t want other kids to feel that way,” Soto said. “It kind of was a point for me after that to lift others up and give back to the community in any way that I could.”

Soto said it wasn’t always easy to juggle so many activities and projects – she had to internalize time-management skills and how to prioritize.

“My family came first,” Soto said. “But I always tried to do as much as I could.

Especially when I had my homework finished or not a lot of schoolwork to do for a time, I did as much (in the community) as I could.”

She’s also helped five people become naturalized as U.S. citizens.

“Coming from a family of immigrants, I know what it’s like ... to be able to help them become a citizen and to see that joy from them, that’s always fun,” Soto said.

Others noticed her hard work. She received medals of distinction as part of the ROTC – her time with the latter was among her more cherished memories at Destrehan. Ditto for the band - “The Friday Night Lights and getting to see these games up close and personal was always a great way to take my mind off the week. I’m a big fan of football,” she said.

Soto also has a love of soccer, and as her team’s captain she led her recreation squad to a championship victory.

She is preparing to attend the

University of Notre Dame, where she will study architecture.

“I wanted a big challenge,” Soto said. “I have a growing passion for art, and growing up in New Orleans, I always loved looking at the different landscapes. I also have a love of math and science, and architecture is something that kind of mixes that all together. I’m going up there to really push myself for four years, and I’m really excited about it.”

Twins combine to earn 96 dual enrollment credits while in high school

Ryan Arena Editor
ryana@heraldguide.com

For twin sisters Alex and Brit Lay, the coming years will bring a different kind of experience – with Alex headed to LSU and Brit to Louisiana Christian University, for the first time the two will be attending different schools.

That wasn’t necessarily the plan, they say, but necessity – Brit is set study computer science at the collegiate

level while Alex will major in chemical engineering, and each chose the school they felt best fit for those plans.

“(Louisiana Christian) is computer science-focused, and I think if our majors aligned a little differently, I’d be headed to LSU as well,” Brit said. “But I think the experience will be good for us. We didn’t necessarily have to socialize as much because we always had each other, and whenever we’re apart, we kind of develop our own way and find out more about ourselves.”

The two are both ahead of the game when it comes to college. Brit and Alex each put focus on taking dual-enrollment courses while at Destrehan – courses offered via partnerships between DHS and universities that allow students to earn both college and high school credits simultaneously. Combined, the two earned 96 credits through dual enrollment.

“Our parents talked to us about it early on ... that it would benefit our education and the high school to college transition,” Alex said. “Attending those classes and focusing on that, instead of getting a job in high school, would save us more money in the long run, to get those college classes out of the way now and not later.”

But another benefit, each noted, was the experience of taking those classes cemented what each wanted to study at the next level – it allowed them to plan for a clear direction.

Satellite Center courses were also helpful in that regard, Brit said.

“The internship I worked on, through an interactive media class at the satellite center, that really helped me decipher the path I wanted to go on,” Brit said.

The two put together standout athletic careers on the tennis court at Destrehan. The sisters were the top ranked singles players on Destrehan’s tennis squad, each capturing first team All-District 7-I honors.

“That helped us not just on the court, but also developing life skills like endurance, focus, and the importance of cheering your teammates on,” Alex said. “If we were going to the regionals, it was like a mini-vacation and a fun experience ... you go and see some really competitive players.”

Alex was a member of the National Honor Society, the National English Honor Society and was Destrehan High School Principal Scholar Award winner. She was named District MVP on the tennis court, and was also second place in 2021’s non-fiction Young Authors competition.

Brit was a member of the National Honor Society and English Honor Society. She was a volunteer at the

the captain during her senior year and the co-captain her junior year. During her senior year the team won the national championship in the small national gameday category – a first in the school’s history.

Carrigee was a four-year member of the Interact Club and Fellowship of Christian Students, and served a year as vice president of each. She was also the media officer of the Fellowship of Christian Students. During her first and only year on the National Honor Society, Carrigee served as the club’s vice president.

Carrigee also participated as a Norco Elementary School Student Mentor and as a member of the National English Honor Society, Southeast Louisiana Youth Council, Wildcat Mentors team, Student Council, Mu Alpha Theta, Beta Club, Superintendent’s Student Advisory Council and Newsletter Club. She served in various leadership positions in many of the clubs.

She was the Senior Class President, Junior Class President, Sophomore Class President and Freshman Senator, as well as a part of the school district’s Gifted and Talented Program.

Carrigee, an advanced Studies Student, has also been a competitive dancer for Kelli’s Kreative Dance for the past decade.

Volunteerism has been a huge part of Carrigee’s life. She has completed service hours as an assistant teacher at Kelli’s Kreative Dance and at the Matthew 25:35 Food Pantry, Senior Citizen Christmas Dinner, Alligator Festival, Little Red Church Festival, Luling Living Center, New Sarpy Elementary School, Toys for Tots, various sporting events at Destrehan High School, New Generations Forum, Inclusive Prom at Ormond Plantation, Children’s Hospital of New Orleans, parent teacher conferences and back to school nights, Thanksgiving basket drives, Archbishop Rummel Summer Day Camp and Louisiana Youth Seminar.

Additionally, each year Carrigee turns her own birthday celebration into a way to raise money for charity.

“When I was 9 years old I came to the realization of how blessed of a life I lived and I wanted to help people who needed food and clothes and shoes and those basic things that people take for granted,” she said. “It kind of took off from there.”

Carrigee has collected donations for Children’s Hospital, Coreluv, Wounded Warriors, St. Charles Parish Head Start, Matthew 25:35 Food Pantry, R.K. Smith Middle School, What You Give Will Grow and Second Harvest Food Bank through her birthday drives.

And while she is excited about launching into her college journey, Carrigee said she knows there will be huge changes ahead.

“It’ll be an adjustment to not see those same faces every day through the halls of Destrehan,” she said. “I just want to give a sincere thank you to all of my teachers and parents and family and friends who heled me get to this point. This achievement was not mine alone ... I want to recognize all of the efforts of everyone who helped me get here.”

Escobar is a College Board AP Scholar and 2022 Coca Cola Scholars Program Semifinalist. She won numerous poetry, writ-

ing, science fair and other distinctions while at DHS. She was also one of 35 students selected to represent Louisiana in Tennessee at the 2021 Southern Region Teen Leadership Conference.

Escobar earned several certifications in high school, including but not limited to a Hazard Communication for Employees Certification, Child Sexual Abuse Prevention Certification, Managing Risk of Bloodborne Pathogen Certification, Red Cross CPR and First Aid Certification.

Escoboar’s extensive volunteerism includes - but is not limited to - coordinating many school supply and hurricane recovery drives. She has also organized a Nicaragua

Book Drive, in which she has shipped over 4,000 books for public schools and the general public in her home country of Nicaragua.

Escobar and her family moved to Louisiana in 2009.

“They sent me here for a reason ... they sent me here to succeed,” Escobar said of her family that remains in Nicaragua. “In a way I’m living a life that in some ways they wanted to live ... there’s just this feeling that I owe them something, and just being able to rise up in whatever I do - whether it’s academic or service-wise – and navigate the dualities of the world I’m living in. Any service I do is for them. It’ll be emotional on graduation day because I know they won’t be here in person, but they’ll be watching ... we’re close in heart, but distance not so much.”

Escobar said approximately 95 percent of her family remains in Nicaragua, and that her time as DHS served as a time to grow more comfortable in her identity.

“I’ll miss my growth that happened there,” she said of her time as a DHS student. “This was a time where I learned the most about who I am and my identity. It’s cliché I guess, but for someone like me it’s very real ... it’s something that’s hard to figure out for someone who is different.”

Brit had the opportunity to shadow Austin Webre of the software company Envoc, enabling her to earn some hands-on experience in her prospective field.

She said participating in the Operation Spark program, which helps direct students interested in pursuing a career in software development, as a sophomore helped shape her path.

“That helped me realize how much I liked it and that it would be the best career for me to pursue,” Brit said. “The certifications I got from the class, for Photoshop and Illustrator, taught me a lot about the programs, and the job shadow opportunity I had was a big help as well.”

Luling native leads Curtis to crown

She struck out 13 in 4-1 Division I championship victory over St. Joseph's

John Curtis' Madison Laiche not only stood in the circle of the Division I state championship game – she absolutely owned it.

Laiche struck out 13 St. Joseph's Academy batters and mowed down the final 16 batters of the game to lead Curtis to a 4-1 victory, the junior southpaw earning championship game Most Outstanding Player honors along the way at Broussard's St. Julien Park.

The lifelong resident of Luling allowed just two hits and walked no one. Laiche's screwball was on point in the game and St. Joseph's had no answer.

the breathing room she needed to close the deal.

As one might expect, she pitched quite well en route to that final game as well. In the state semifinals against Chapelle, Laiche pitched 6.1 innings and struck out seven against zero walks and allowed three hits as Curtis notched a 7-4 victory.

Laiche pitched in 17 games over the course of the season, totaling 83 innings. She struck out 113 batters in that time and recorded a 0.83 WHIP. Highlighting her year were a pair of shutouts, including one no-hitter.

That no-hitter came on March 15 – against a strong program in Riverside Academy. The Patriots took a 7-0 victory over the Rebels in arguably Laiche's most dominant outing of the season, leading her team to a win over a RA squad that

Coach Baudry resigns

After a decade as Tigers’ baseball coach, he announced he’s stepping down

Ryan Arena Editor
ryana@heraldguide.com

For the first time since his teenage years, baseball is in the rear view mirror for David Baudry.

Baudry recently announced he is relinquishing his position as Hahnville’s head baseball coach after 10 years in that role,

citing a desire to spend more time with family among his chief reasons. Baudry led HHS to the state playoffs in eight of nine possible seasons (there was no postseason in 2020 due to COVID-19). 2022 represented the first season under Baudry the Tigers missed the playoffs.

“It was just kind of a taxing year,”

David Baudry

20-win seasons.

Prior to Hahnville, he made his name on the prep baseball circuit with successful runs at two different schools, the first of those Shaw, where he led the Eagles to five playoff appearances and went 126-76 from 1995-2001.

He later moved onto his alma mater of Rummel, where he went 154-67 over six seasons from 2005-2010 – those wins not including a 2006 summer that saw him lead Nationwide Restoration, a Rummel-based American Legion squad, to the American Legion World Series Championship. That team won back-to-back state Legion titles, which ran his personal total to three – he also led Shaw’s Legion team to a 2000 state title.

Baudry’s prep record overall is 475-269.

For everywhere he’s been, though, he said his experience leading the Hahnville program truly stands out as memorable – in particular, the Tigers rivalry with Destrehan stands up to any other.

“I’ve been part of some of the big Catholic League rivalries in football and baseball ... Hahnville-Destrehan baseball is something very special,” Baudry said. “I have a great deal of respect to what those guys (at Destrehan) do. No matter what, the game was hard fought ... Chris Mire and I have become very good friends over the years. I wish the best for him and, obviously, whoever takes over here at Hahnville.”

More than anything else, he said, he cherishes having the chance to coach the players who have passed through the Hahnville dugout over the years.

“The players ... how they attacked each day, and the relationships we had, that’s what I’ll remember,” Baudry said. “We have tremendous kids at Hahnville High School. We have great kids in the baseball program, and they’ve made it as seamless and easy as possible on a daily basis.

“The wins, the losses ... you remember them, but that’s not what you remember most. It’s being there every day with those guys, watching them grow up from their freshman year all the way to graduation. That’s something I take from it.”

Baudry said. “Through no fault of anyone ... between Ida, our inexperience and just some baseball things. And when you reach the age of 60, to be honest, everyone starts asking you ‘When are you gonna retire?’ I felt a lot of times like I had the energy to do it, to continue to do it, but I was kind of kidding myself. I come home very, very exhausted after some long days, and I just thought, ‘You know, this is a good time.’”

Baudry said that with a son who just graduated from college, and two daughters in college, he wants to be there as they transition to their next steps in life.

“And I want to spend some time at home, with my wife and my four dogs,” Baudry said. “(The decision) came over a very short period of time and it was a very tough decision. The whole idea of not doing it, it’s just different. I’ve been coaching baseball in some form since I was 15 years old.”

This isn’t a departure from Hahnville. Baudry will remain on staff as a teacher and as an assistant football coach.

Over his 10 years heading the Tigers baseball program, he guided the team to a record of 195-127, including five

was 13-2 at the time.

At the plate, she delivered as well. Laiche hit .454 and tallied 40 RBIs while scoring 54 runs.

Six different colleges have made offers to the 4.0 student thus far, with more offers almost certainly on the way.

With Laiche helping to lead the way, Curtis went 29-3 this season, starting the year with a string of 16 straight victories. The record falls short to illustrate just how dominant the team was in 2022 – of those 29 wins, just one – a 2-1 victory over Mandeville – came by a single run, all others coming by multiple runs. That earned Curtis the top seed in the Division I postseason.

Behavioral health services expand to local high school campuses

Monique Roth Lifestyles Editor
moniquer@heraldguide.com

Licensed Professional Counselor Amber Guidry will be full-time at HHS starting in August.

Students at Destrehan and Hahnville High Schools can now be seen for therapy on campus during school hours for everything from anxiety, depression, trauma, stress, anger management, relationship issues, and more thanks to an expansion of school-based health services by Access Health Louisiana.

“We’re very excited that Access Health Louisiana is expanding behavioral health services to our two high school campuses,” Jerry L. Smith, Executive Director of Student Services for the school district, said. “St. Charles Parish Public Schools has newly launched universal screening for behavioral health needs to help us identify students who may be experiencing trauma and other adverse childhood experiences. This expanded partnership with Access Health will support the school system’s post-screening triage process and enable students to receive therapy in an expedited manner for a variety of behavioral health needs, including trauma, anxiety, depression and other stressors.”

Smith said being able to receive these services on their school campuses will support academic success for district students, as well as eliminate the need for

students to leave school to receive treatment.

This makes a total of seven schools serviced by AHL in the St. Charles Parish school district – J.B. Martin Middle, R.J. Vial Elementary, Albert Cammon Middle, St. Rose Elementary, Luling Elementary and now DHS and HHS.

“We are excited to grow our school-based services within St. Charles Parish,” Vice President of School Health and Strategic Media for Access Health Louisiana Chenier Reynolds-Montz said. “We have seen an increase in the need for services on school campuses throughout the state due to the pandemic. It has been a difficult couple of years for students with so many having to alter their routine due to the pandemic. Couple the pandemic with families living in hurricane-damaged homes and portable trailers, and the need for support is great.”

Parents pay no out-of-pocket expense for services their child receives at the school-based health center. Students can be seen for services during non-core classes throughout the school day, and individual and group therapy is available. Psychiatry services can also

be scheduled virtually.

To receive services, parents must complete a consent and enrollment form for students. Even if a child is an AHL patient or has been enrolled in school-based services on their middle school campus, parents will need to complete a new consent and enrollment packet. Packets can be obtained from the school counselors, by visiting accesshealthla.org and going to the individual school-based health center page, or by completing forms sent home at the start of the school year.

Licensed Professional Counselor Amber Guidry will be full-time at HHS starting in August. She graduated from Hahnville in 1999.

“I have extensive experience working with adolescents dealing with various challenges,” she said. “I strive to provide an accepting environment for students to feel comfortable and empowered while discussing issues that may feel vulnerable.”

Reynolds-Montz said the therapist for DHS has not yet been named.

Nine Facts About Women’s Health

BY: KATHERINE AYO-RAYBURN, MD
ST. CHARLES PARISH HOSPITAL

Women may experience several health-related events or issues throughout their lives, including breast cancer, polycystic ovarian syndrome, giving birth and menopause. Often more times than not, women may have questions or concerns about their health, and there are a lot of misconceptions surrounding women’s health. Here are the facts about nine popular women’s health myths.

Myth: OB/GYNs are just for pregnancy or when you have a specific concern.

Fact: Every woman should begin seeing a gynecologist between the ages of 13 and 15 and should continue to see her physician for screenings and preventative healthcare throughout her lifetime. Often, physical exams are not needed until 21 years of age, so visiting earlier to get to know your care team and ask questions can be comforting.

Myth: Your OB/GYN will judge you.

Fact: If you have a question, always ask, no matter how embarrassing you may think it is. Your physician and care team are here to help you. If you have sex questions, menstrual questions or any questions about your health and body, bring them up during your next appointment.

Myth: Bras cause breast cancer.

Fact: According to the American Cancer Society, a 2014 study of more than 1,500 women found no association between wearing a bra and breast cancer risk. Most early detected cancers don’t show any symptoms and are detected during

cancer screenings. Therefore, it is important that women get annual mammograms starting at age 40.

Myth: Eating certain foods will help you get pregnant.

Fact: There isn’t a specific food that is a magic pill for pregnancy, and fertility concerns are something you should address with your doctor for medical guidance. In the meantime, make sure you aim for a balanced “plant-strong” or “plant-dominant” diet to improve your overall health.

Myth: Polycystic ovarian syndrome makes you infertile.

Fact: It may be more difficult for you to get pregnant if you have PCOS, a hormonal disorder, but pregnancy is still possible. There are several options for women with PCOS to help them get pregnant, and you can discuss your choices with your doctor.

Myth: Severe anger, depression or anxiety before your period is normal.

Fact: If you have recurring emotional and mental health issues during the

beginning of your menstrual cycle before your bleeding starts, you may have premenstrual dysphoric disorder. PMDD is a health problem that is like PMS but is more serious. It can cause severe emotional distress a week or two before your period and symptoms can be debilitating and affect various aspects of your personal life. Symptoms usually go away two to three days after your period starts. If you have concerns, you should talk with your doctor, who can recommend treatment to manage your condition.

Myth: You should cancel your OB/GYN appointment if you’re on your period.

Fact: You can keep your appointment even if you’re on your period. Of course, it depends on a few factors, including your comfort level, how heavy your flow is and the stage of your menstrual cycle. For example, if you are on the last day or so of your menstrual cycle and your flow is light, you can still go in for a Pap smear and your physician will be able to proceed with the exam. Overall, your physician would rather see you and keep you on schedule with regular exams.

Myth: Beginning menopause means you can’t get pregnant.

Fact: Until you have missed your period for 12 consecutive months, if you do not want to get pregnant, you should continue to take birth control or whatever method of contraception works for you. Menopause is not “complete” until you do not have a menstrual cycle for 12 months in a row and usually occurs around age 50. If your period starts and stops and is irregular, there is a possibility that you can still become pregnant.

Myth: A midwife is not a medical professional.

Fact: Certified nurse-midwives (CNM) are medically trained and can deliver babies. Certified nurse-midwives should not be confused with certified midwives (CM) or certified professional midwives (CPM), who do not have formal medical training. Certified nurse-midwives are often confused with doulas. A doula is a labor support person or coach but isn’t trained to be a birth attendant and assume care for a mother and her baby. At Ochsner Health, certified nurse-midwives (CNM) and physicians work together on behalf of the patient. A certified nurse-midwife must graduate from a master’s or doctorate program, pass a national certification exam and complete hundreds of hours of patient care to become a certified nurse-midwife.

Prayers

Heavenly Father

Our Heavenly Father, I came to You in the Name of Jesus with my request asking You to help us to become fishers of man, woman, girls & boys to learn more about You Lord & Your goodness & mercy and compel them to come to You for help & salvation. Protect, heal & save lost souls. We all have sinned & come short of the Glory of God, until You saved us & made us born again believers of our Lord & Savior Jesus Christ. Those that don't know Jesus yet, please compel them to come & give all to you, so you can take them in the Family of God. Give them joy & happiness knowing they now belong to you. Grant it Father, in Jesus Name, I pray. Amen

2. Finance & Audit Committee

2.01 ESSER Update - Committee Meeting Only
A. Suffrin opened the Finance & Audit Committee meeting.
The Superintendent and Administration presented information including objectives, rationales, planned use of funds, and projected expenditures. In order to maximize the use of federally allocated Elementary and Secondary School Emergency Relief Funds (ESSER), as identified under the CARES Act (Sec.19003(d)) and the Consolidated Appropriations Act, 2021 (Sec. 313(d)), an analysis of projected allocations, accrued expenditures, and current available funds was conducted. After careful examination of remaining funds and timelines, ESSER funds have been reallocated to meet the current needs of the district.
A discussion was held on details of ESSER priorities, reviewed the attachments and the processes to accomplish these priorities. Also discussed were plans, based on data, once ESSER funds are exhausted.

2.02 Long-Term Financial Projection - Committee Meeting Only
Chief Financial Officer Ronald White presented a long-term financial projection for the General Fund. Mr. White gave the Board an updated attachment which was reviewed in detail. A discussion was held on ad valorem taxes, exemptions, sales tax, total revenue, total expenses and projections.

2.03 Loyalty and Recruitment Payments to District Employees
A projected General Fund surplus for Fiscal Year 2022 allows the District to compensate employees for challenges created by the coronavirus pandemic and Hurricane Ida. Administration proposes one-time loyalty payments to full-time and permanent part-time employees who continue employment into the 2022-23 school year. Any employee who retires prior to the start of the 2022-23 school year would be eligible. Additionally, Administration proposes one-time loyalty and recruiting payments to full-time and permanent part-time employees to be paid in the fall of 2022. Criteria for eligibility for payments will remain consistent with previous years.
The Superintendent Dr. Ken Oertling, Chief Financial Officer Ronald White and Assistant Superintendent of Human Resources and Administrative Services Tresa Wehre presented background and rationale on item 2.03. A discussion was held. E. Alexander asked for Teacher age with teacher salary. J. Smith asked about number of graduates going into education in order to fill our target and possible international recruiting.
A discussion was held and a consensus was made for a one-time \$1500 stipend this year and a \$2000 loyalty/recruiting stipend for next year. Administration will report retention and recruiting data back to the Board as a result of these payments.
This agenda item will be on the May 11, 2022 Board meeting agenda.

2.04 Pay Raises for Permanent Part-Time and Full-Time District Employees FY 2022-2023
Chief Financial Officer Ronald White presented item 2.04. In order to retain and attract the most highly qualified employees and remain competitive, the District has identified a need to increase compensation for permanent part-time and permanent full-time District employees. The District proposes a percentage pay raise which will be in addition to any state-funded increases for eligible employees effective FY 2022-2023. A discussion was held and a consensus was made for a 10% increase.
This agenda item will be on the May 11, 2022 Board meeting agenda.

2.05 Pay Raises for Substitutes
Assistant Superintendent of Human Resources and Administrative Services Tresa Wehre and Chief Financial Officer Ronald White presented item 2.05 to the Board. In order to retain and attract the most highly qualified substitutes and remain competitive, the District has identified a need to increase compensation for the District substitutes effective FY 2022-2023. A discussion was held.
This item will be on the May 11, 2022 Board meeting agenda.

2.06 Adopt a Resolution Canvassing the Election Returns and Authorize the Incurring of Debt and Issuance of Bonds
Chief Financial Officer Ronald White presented item 2.06 to the Board. State statute requires that the Board officially and formally announce the results of the April 30, 2022, election by public proclamation. Mr. Jason Akers, the Board's Bond Counsel, has prepared the resolution necessary to comply with the legal requirements.
With no discussion or objections, this item will be on the May 11, 2022 Board meeting agenda.

2.07 Fiscal Agent for Banking - July 1, 2022 through June 30, 2025

The Board previously approved a budget for each of the various funds on June 23, 2021. State law (LA Rev. Stat. 39:13.10) mandates that a budget be revised when a variance of 5% or more occurs between operational expenditures and budgeting estimates. Prudent financial planning mandates periodic review and revisions of the budget for each fund.
This item will be on the May 11, 2022 Board meeting agenda.

2.09 Accounts Payable for the Month of April 2022
With no discussion or objections this item will be on the May 11, 2022 Board meeting agenda.

4.02 Resolution to Establish the 2021 Redistricting Plan with Precincts Updated by the St. Charles Parish Council
The attached 2021 Redistricting Resolution requires Board approval and reflects the same redistricting plan (Alternative 1-A) adopted at the October 15, 2021, St. Charles Parish School Board meeting. This resolution does not change the boundaries previously approved. In order to comply with state law regarding precincts, the plan must be re-approved using new precincts established by the Parish Council. The new precinct plan adopted by the parish council eliminates two split precincts occurring in Districts 3/8 and 3/9 under the adopted Alternative 1-A, thus enabling the Secretary of State's office to implement the plan in accordance with state law. A discussion was held.

This item will be on the May 11, 2022 Board meeting agenda.

4.04 Proposal Rejection - Emergency Construction of Building Components and/or Grounds
Administrator of Safety, Security & Athletics Kade Rogers presented item 4.04 to the Board. The District's Hurricane Disaster Preparedness and Recovery Plan includes a recommendation by FEMA to refine the manner in which emergency work is provided after a District declared emergency. Last Days of School-As a reminder, there will be early dismissal for all SCPPS students on May 25, 26 and 27 with the last day for students and teachers on May 27th. We will also begin a four day work schedule from the week of May 30th until July 18th.

This has been a tremendously taxing year for our employees, families, and community. Yet, in spite of it all, we embraced the opportunity to serve our students, families, and each other in extraordinary ways. Witnessing what took place from opening under COVID restrictions to overcoming the most catastrophic event in our system's history, is anything less than remarkable. We embodied the motto You and I, We Are St. Charles Parish Public Schools by ensuring, despite those challenges, that every student mattered and every precious moment counted. In the words of Roger Crawford, "Being challenged in life is inevitable, being defeated is optional." Not only were we not defeated, we accomplished more and enhanced the opportunities provided to our students. None of this would have been possible without the hard work, planning, innovative approaches, caring attitudes, and high levels of sacrifice from each and every one of our employees, support of you, our board, and the close collaboration with families.

Thank you finally, on behalf of all the bonding and all our astonishing employees, I would like to wish everyone an enjoyable, restful and safe summer and we cannot wait to see you soon next school year.

- 4.01 Owner and Contractor recognize that the Owner will suffer direct financial loss if Work is not completed within the Contract Time specified plus any extensions thereof allowed in accordance with these General Conditions of this Contract, and therefore, time is of the essence. They also recognize the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Contractor and Surety agree to forfeit and pay Owner One Thousand dollars (\$1,000.00) per day as Liquidated Damages for delay (but not as a penalty). Such Liquidated Damages will be assessed for each calendar day that expires after the Contract Time. Progress payments will be based upon estimated quantities of contract unit price items or upon estimated percentages of completion of the schedule of lump sum values of labor and materials incorporated into the Work or suitably stored, on the last day of each month or other mutually agreed regular monthly date ending the progress payment period, less retainage.
- 6.03 Application for Payment Form. The form of the Application for Payment must be suitable to the Owner. The Owner reserves the right to withhold payment until the form of Application for Payment is deemed acceptable by the Owner.
- 6.04 Retainage. Per Paragraph 15.01.D retainage shall be withheld and payments will be made by the Owner in the payment amount of:
a) Ninety percent (90%) of the approved payment applications for projects with contract of less than \$500,000.00; or
b) Ninety-five percent (95%) of the approved payment applications for projects with contract prices of \$500,000.01 or greater.
- 6.05 The normal retainage shall not be due the Contractor until after Substantial Completion and expiration of the forty-five (45) day lien period and submission to the Engineer of a clear lien certificate and invoice for retainage.
- 6.06 Final Payment. Upon the final completion of all Work, the Contractor may request a final inspection and may make a final Application for Payment as provided by Paragraph 15.06 of the General Conditions.
- 6.07 Final Acceptance. When Final Acceptance is granted by the Owner, the Owner shall file the certificate with the Recorder of Mortgages for St. Charles Parish.
- 6.08 At the expiration of the lien period the Contractor shall obtain a certificate from the Recorder of Mortgages of the Parish of St. Charles that the Contract is clear of any liens or privileges, and said certificate shall be presented to the Owner for final payment and release of retainage, less any such sums as may be lawfully withheld under the Contract.
- 6.09 Claims. Pursuant to La. R.S. 38:2242, when the Owner receives any claim of nonpayment arising out of the Contract, the Owner shall deduct such claim from the Contract Sum. The Contractor, or any interested party, may deposit security, in accordance with La. R.S. 38:2242.2, guaranteeing payment of the claim with the Recorder of Mortgages for St. Charles Parish. When the Owner receives original proof of such guarantee from the Recorder of Mortgages, the claim deduction will be added back to the Contract Sum.
