Montz preschooler diagnosed with leukemia

Monique Roth Editor
moniquer@heraldguide.com

Paige Landry was packing her family up for a beach trip when she got a phone call that has forever changed her family.

“We think Carson has leukemia and needs to go to the hospital ASAP,” Landry heard on the other end of the phone.

Her 3-year-old son Carson was diagnosed with ALL (Acute Lymphoblastic Leukemia) the next day. The diagnosis came after weeks of speculation.

“Long story short - never ever ignore your mom gut,” Landry, a Montz resident, said, adding that Carson started with scattered bruising a few weeks prior to the diagnosis.

Hahnville woman planning event to benefit teen battling heart failure

For a year of his life, Nicholas Eirich knew what it was like to have energy, to breathe easily and to do everything other children like the then-14-year-old could do.

But then things began unraveling, and he was once again embroiled in the battle he's waged the majority of his life, ever since he underwent open heart surgery at just nine days old.

Eirich, 17, was born with a congenital heart defect, prompting that surgery. It seemed to fix the issue until 2019, when Eirich's family learned his heart was failing – and he'd need a transplant. His

After two-year absence, Norco Christmas Parade to make return

Ryan Arena Editor
ryana@heraldguide.com

The Norco Civic Association Christmas Parade has been dormant for the past two years, but that changes in 2022.

Last week, the association announced on Facebook that the parade would indeed return to action this year, the date set for Dec. 4 at 1 p.m. The theme will be “Norco Honors Our First Responders,” which was to be the theme of the 2021 event before Hurricane Ida relegated the parade to the sideline for the second straight year. In 2020, the Christmas parade was cancelled due to COVID-19.

Stephen Weber, chairman of the Norco Civic Association Holiday

“I'm excited. I think the community's going to be really excited,” Weber said.

Fishing for Frankie to benefit Norco woman battling Stage 4 cancer

Ryan Arena Editor
ryana@heraldguide.com

Audrey Champagne Raziano remembers a time more than a decade ago that she and her family put together the first Fishing for Frankie tournament fundraiser in roughly six weeks time.

The event has grown since then. Saturday marks the 13th annual Fishing for Frankie tournament, which will be held at Somme’s Marina in Des Allemands, and Raziano said she never saw the event’s impact and longevity coming.

“I can’t say enough ... I never dreamed this would become what it has or would last as long. We’re super blessed to be able to touch so many people’s lives – and for people to also touch our lives, through this tournament,” she said.

The tournament began as a way to honor the memory of Frankie Champagne Jr., a resident of Luling who passed away in 2007 following a battle with lung cancer and who was known for his generous and uplifting nature.

Raziano has noted during Champagne’s battle, he would deflect attention from himself ask that funds

raised to help him also go toward helping others. That unselfishness and desire to look beyond himself to help others made it a natural choice to create a tournament in his name that would help others. It’s fulfilled his wishes year after year.

This year’s beneficiary is Amy Pitre Vasquez, who was recently diagnosed with Stage 4 colon cancer.

Raziano said it wasn’t known for sure whether this year’s event would happen. The 2021 tournament was able to take place just before Hurricane Ida struck, but several months later, Ida’s impact is still being felt in many ways for community members. That brought this year’s tourney into question.

“So many people still have so much going on, trying to recover ... we were unsure whether to have it this year. It’s a rough time to ask people for something,” Raziano said.

But several weeks ago, Vasquez’s husband Masimo reached out to Raziano. He asked for help.

Brittany Bonnaffons and Dr. David Schexnaydre Jr. were honored at the 16th Annual Cecil J. Picard Educator Awards Gala.

St. Charles home to 2023 Teacher, Principal of the Year

Monique Roth Editor
moniquer@heraldguide.com

Brittany Bonnaffons of Hahnville High School has been selected as the 2023 State Teacher of the Year and Dr. David Schexnaydre Jr. of Harry M. Hurst Middle School is the 2023 State Principal of the Year.

The Louisiana Department of Education recently announced the honors.

“I would like to extend my personal congratulations to Brittany and David and thank them on behalf of the entire Department,” State Superintendent of Education Dr. Cade Brumley said.

In partnership with Dream Teachers and the Louisiana Association of Principals, the LDOE annually recognizes and celebrates the state’s leading educators through Louisiana’s Educator Awards Programs. These programs provide an opportunity to acknowledge teachers and leaders who are making exceptional gains with students. This year all winners were celebrated at the 16th Annual Cecil J. Picard Educator Awards Gala at the World War II Museum in New Orleans on July 30.

Bonnaffons is starting her 12th year as a teacher. She teaches college algebra and algebra at HHS, as well as serves as the head track coach.

“I am extremely honored to represent the teachers here in Louisiana,” she said. “Words cannot express it. I truly hope to represent all teachers well and to be a voice and a light for the profession. My platform is about making room for students to shine - helping students and teachers to find joy. This is the beginning of a beautiful

year that I hope highlights the St. Charles community as well as the teaching profession.”

Teachers are gifts, Bonnaffons said.

“I hope to show as many of those gifts to the world as I can - my gifts and the gifts of other teachers who also deserve a moment in the spotlight,” she said. “I love my co-workers and administration. I know that I am never going into new ventures - or even old ventures - blindly.”

Bonnaffons is married to Brett Bonnafoons. They have three children - Braden, Jimmie, and Mya. She said she has a host of supporters who constantly cheer her on, including her mom, dad, sisters, children, husband, HHS Principal Jose Gonzales, and co-workers Jennifer Matthews, Phil Bychurch, Amy Crochet and Allison Cranford. She said that her track coaching staff - Jacob Thompson, Nate Singleton, Yussef Jasmine, Jasper Vinnett and Richard Abarr – are also crucial to any success she has achieved.

“It’s the community ... so many ... more than I can name that paved the way for me to be in this position,” she said. “I am grateful for that.”

Schexnaydre said other than being a father and husband, being the principal at Harry Hurst is his favorite thing he’s ever done.

“It’s absolutely overwhelming, and it’s not something I set out to do,” he said of his Principal of the Year accolade. “Since I got the opportunity and

St. Charles Parish Public Schools rolls out new parent bus app

Monique Roth Editor
moniquer@heraldguide.com

A new mobile app designed to help students and families who utilize St. Charles Parish Public Schools’ bus transportation is now available for download.

The app uses GPS to track the precise location of school buses in real time. It’s called “Where’s The Bus?”

Officials said by using this app, parents and caretakers will know if their child’s bus is running late in the morning or afternoon. They will also know when the bus is approaching the bus stop and when the bus is on its way home.

Teresa Brown, district administrator of ancillary services, said each year SCPPS transports 7,000 students to not just school but also to field trips, sports practices, and extracurricular activities.

“It’s a huge operation that runs days and nights,” she said of school district transportation. “There’s a huge level efficiency gained by having a system that’s working behind the scenes for you all the time.”

She said the new system will also allow bus drivers – as well as school office specialists - to have access to information about the students on the buses. If a child gets on the wrong bus,

for example, the bus driver will be able to pull over and use their phone to immediately access the contact information for that student’s parents

“It’s really going to cut down on the call volumes we have right now,” Brown said, adding that last year and every year before parents and bus drivers all had to call the same call center for information on buses that were running late, students who got on wrong busses or other common transportation issues. “I’m excited that our parents will have this tool.”

The app is free for both Apple and Android devices. To sign up, visit www.WheresTheBus.com and look for the “Parents” section on the left. Click on the “Set Up Account” button, and then select St. Charles Parish Public Schools from the drop down menu. After entering parent and student information, await further instructions that will be sent to the registered email once all information has been validated.

“This puts everyone in a much better position to know the information in real time and to provide better service” Brown said. “We know parents are very excited about it, and they should be.”

Sheriff Greg Champagne set to make history with National Sheriffs’ Association

Monique Roth Editor
moniquer@heraldguide.com

St. Charles Parish Sheriff Greg Champagne will make history next year when he is once again sworn in as president of the National Sheriffs’ Association. It will be the first time in the 82-year history of the organization for any sheriff to serve twice as president.

Champagne previously served as the NSA president during 2016-17 term.

“I am excited about making history as the first repeat president,” Champagne said. “I am confident that my previous experience will help me assist the organization in being effective across the country in getting the sheriffs’ message out and providing support to our 3,080 sheriffs.”

This summer Champagne was sworn in as the 1st vice president of the NSA at the organization’s annual conference in Kansas City, Missouri.

“I decided to run for the NSA Board of Directors in 2003 and to my surprise was elected after a vigorous campaign at our annual conference that year,” he said. “In 2008, I decided to run for Sgt. At Arms and that began my seven-year path to becoming president of the NSA in 2016. I have literally served in every leadership position that the organization has. Since I have previously served as both vice president and president, I am fully aware of the responsibilities and tasks ahead. I must remain keenly aware of all events affecting law enforcement and sheriffs nationwide. These involve border issues,

mental health issues, rising crime nationwide and both proposed legislation in congress as well as pending court decisions.”

Champagne said he is also part of the organization’s legal affairs committee.

“We routinely get involved in U.S. Supreme Court Cases and have filed amicus briefs in several important cases,” he said. “We have had a great deal of success in positively influencing court decisions with our filings.”

As vice president of the organization this year, Champagne will travel around the country in support of the president and the organization carrying the

LEUKEMIA from 1A

“But he’s a rough 3 year old little boy, right?” she said. “So I blew it off, but kept monitoring.”

She later decided to bring Carson into the pediatrician for testing, and from there a diagnosis was determined and treatment plan was developed. Initially Carson was slated for a month of inpatient care, but after two weeks he was able to return home and receive out-patient treatments.

“Carson will be going into the clinic weekly to receive labs, chemo and blood products,” Landry said. “The first six months are the most intense, with hopes to achieve remission within the first one

Carson Landry, 3, was diagnosed in July with Acute Lymphoblastic Leukemia.

to two months. Once this is done, that’s only half the battle. He will continue clinic visits and chemo for one to three years with the hopes of being completely healed and cancer free. With God, we know this is possible.”

Landry said from the moment friends, family and community members heard of the diagnosis, there has been a huge wave of support for the entire family.

“The prayers, love and support of the community during this time is what will get us through this,” Landry said. “The River Parishes is unlike no other. From a simple text, to dinner delivered to Children’s Hospital, to random strangers reaching out - at times the support has left me speechless. We are forever grateful.”

Friends and family members organized a blood drive for Carson, with a goal of 50 blood donors. That number reached closer to 150 once the day was over.

“Carson’s attitude everyday has been ‘Let’s rock out, Mom!’” Landry said. “He has adjusted to this new norm like a champ. At this time we are thankful his body is tolerating treatment so that he can continue to enjoy doing what he loves most - riding the tractor, golf cart and his four wheeler. During the time in the hospital he remained in good spirits joking with the nurses, playing in the playroom and taking walks in the wagon with his daddy.”

Landry said Carson and his family are hopeful that he can return to St. Joan of Arc Catholic School sooner than later.

“The timeline is to be determined,” Landry said. “Mrs. Poulos and St. Joan of Arc have been extremely supportive with this and we are so thankful. Please continue to pray his body handles the treatment like the strong boy he is. The treatment team nick named him ‘Tonka’ because he is one tough little boy.”

HEART from 1A

family, friends and community stepped forward to help the family, both in terms of moral support and financial donations, and Eirich ultimately received his heart.

“Until he got the transplant, for his whole life he never knew what it was like to have that normal energy level,” said Meshell Northcutt of Hahnville, a close friend of Eirich’s mother Gena. “He didn’t realize he was operating at half-capacity. He felt really good for one year ... it was life-changing.”

“But he’s back to struggling to breathe and get through each day. His heart is failing.”

Northcutt, who led efforts to raise more than \$40,000 for the family via GoFundMe and other fundraisers after Eirich was initially diagnosed with heart failure in 2019, said that Eirich has had to endure hurdle after hurdle the past couple of years.

Approximately 19 months after being diagnosed for the first time with heart failure, Eirich began to feel sick on a late Sunday night in September of 2020. The family contacted his cardiologist who advised him to seek hospital care. Upon arriving, he received frightening news: his body was in severe rejection of his heart, and worse, doctors gave him just a 50-percent chance to live.

He was intubated and put on life support immediately, and over the course of the next two weeks his body would battle a litany of serious problems. He went into kidney failure. He developed infection where tubes were inserted into

Nicholas Eirich during a visit with his doctor.

his chest for life support. He suffered severe muscle damage to his legs and a lot of muscle had to be removed. He developed a resistance to one of his anti-rejection medications.

But all of that said – he battled through, and he wouldn’t need another transplant initially as things stabilized.

Sadly, more challenges were heaped upon him. Diabetes and COVID-19 among them – the latter led to a heart procedure being postponed. Finally, it all led to Eirich officially needing another transplant.

“It’s a tricky situation because to be on the transplant list ... you have to be sick, but you have to be well enough to be a candidate to receive a heart,” Northcutt

said. “So, it’s been a very emotional time. He’s on the list as of a few weeks ago, and now it’s just a matter of waiting.”

For Eirich, it’s more of a burden to bear than is fair for anyone, much less someone not yet into his adult years. For his parents, it’s also unfathomably stressful.

“I always say Gena’s the strongest person I know, but she can only do so much – on the inside, she’s a nervous wreck,” Northcutt said. “Every time her phone even makes a sound, it could be that call (for a transplant), and you have to be ready to go.”

Northcutt is again planning a fundraiser to help the Eirichs. It is set for Aug. 20, a fried fish, jambalaya and white beans sale from 11 a.m. to 4 p.m. at Bruce’s Fatboys Retreat in Luling. With the food will be a day of music, including performances by Will Dempsey, Rockin Doopsie and DJ Fish. There will also be a 50-50 raffle.

“We wanted to wait until he was re-listed (on the transplant list), and once that happened, it was time to get the ball rolling,” she said. “We’re going to need blood drives ... we’re gonna need help.”

NORCO PARADE from 1A

“This will be the first parade we’ll have with the new town square, and with those murals up. We last did this in 2019 ... I think people are ready to get out and enjoy the parade again.”

Weber was alluding to the Civic Association-established town square that is expected to be completed, including a veterans’ memorial, near the former Capital One building on Apple Street near River Road. That’s not the only bit of “new” to be out on the route, if parade planners have their way – Weber said the hope is to be able to add more antique or classic cars, floats and costumed walkers to the parade itself.

“We started getting the word out that we need those specifically, and we wanted to get that out there early,” Weber said. “Those are things we’ve had a tough time getting for the parade, and we haven’t had enough of those in the parades ... I see these parades with the costumed walkers, and it adds a lot. One time, we had Woody and Buzz Lightyear from Toy Story, a dad and his son ... we’ve had the Star Wars 501st Legion each year, and that’s been great. It doesn’t have to be Christmas themed.”

Dec. 4 will of course mark the first time the Christmas parade has rolled in Norco for 3 years, given the two holiday seasons out of action. It was a longer wait than expected, and pre-Ida, the plan and expectation was for its return to happen last year. There was talk even post-Ida of having the 2021 edition become reality.

“We were torn on that,” Weber said. “On one hand, it can be a good thing to have it, because hey, we can maybe bring some spirit back. On the other hand, we had so much debris ... even still in December, even now for that matter, people are dealing with the aftermath. I was kind of split on it myself. In the end we held off, but we’re so excited to have it back again.”

On Aug. 22, the Christmas parade committee will hold their first official meeting of the year at 6 p.m. at the Norco Civic Association Hall in Norco, and Weber said anyone who would like to join the committee or otherwise help plan and bring the parade to fruition is welcome.

As always, the parade is set to take place on the heels of Thanksgiving Day, an unofficial kickoff for the Christmas season.

Local schools are represented through their marching bands, dance teams and cheerleading squads. Festive floats command attention, as do Santa Claus and Mrs. Claus, who take some time out of their busy schedule to make a grand entrance and take photos with children.

The two-season absence is not the first hiatus the Norco parade has endured before bouncing back. It was discontinued after an approximate 30-year run from the 1950s to the 1980s. In 2001, a group of residents, including Weber, revived the event, which prior to 2020 had run in all but two years, the exceptions due to weather. Past themes have touched on traditions, paid homage to popular music and movies, honored veterans and highlighted major events like elections and the Super Bowl in the community’s unique way.

The last parade’s theme was Norco Through the Years, with participants representing a decade of their choice.

Anyone interested in joining the parade or helping with the planning may contact Weber at stephenweber61@yahoo.com or call 504-202-5565.

FISHING FOR FRANKIE from 2A

Amy Vasquez with husband Masimo.

“That settled it ... ‘OK, we have our sign,” Raziano said. “We have to do whatever we need to do to get something going.”

Near the end of 2021, Vasquez had a medical emergency – her appendix ruptured. That was a scary situation in itself that the Norco native survived, but in the process, doctors learned through the tests she underwent that there was another very significant situation to address.

“I went to my stomach doctor, and told him it felt like a horse was kicking me down there,” Vasquez said. “He advised me to get a colonoscopy ... I went to the hospital for that, and before I left the hospital, they told me I had colon cancer. I didn’t know what stage it was until a week or two later ... it was a shocker.”

Vasquez’s mother was with her when she received the news, and it was a harsh blow for both for more than the obvious reasons – Vasquez’s brother is also battling cancer.

“I kind of wish she wasn’t there to hear it,” Vasquez said. “She has two kids with cancer.”

Vasquez said surgeons were able to remove some of the cancerous matter, but not all of it. Chemotherapy should begin in approximately two weeks.

“I have to be brave, because I have an 11-year-old. I don’t want her to see me down or anything like that,” Vasquez said.

Raziano said Masimo has been a selfless supporter of the fundraising tourney over the years.

“He has fished, and even the years he can’t fish at the tournament, he is donating,” Raziano said. “He does woodwork ... he makes a frame from the wood and he’ll burn pictures into it. He does an excellent job, and he tells us, if I can’t fish, I’m gonna bring you an auction item. He’s always been there for us. I’m grateful we’re able to do something to give back to someone who’s supported us so much for so many years.”

Raziano notes that even if someone isn’t interested in fishing, they can still expect a great time with plenty to do if they make their way out to the event.

“You don’t have to fish to come to the tournament,” she said. “There’s food, drinks, auction items, raffles ... it’s a long day, but it’s a fun day. And it’s very rewarding.”

Vasquez said the event will help greatly to absorb the financial blow. While she has health insurance, the out of pocket expense is still considerable for multiple surgical procedures, the chemotherapy and everything else that the process entails.

“I feel incredibly blessed and thankful,” Vasquez said. “I’m overwhelmed by everyone’s support ... I’m just trying to get through.”

AWARD from 2A

privilege to become the principal at Hurst four years ago, my only focus was doing absolutely everything I could to make this school as good as it could possibly be for the students and teachers. I’m frankly a little embarrassed by some of the notoriety because I do things to bring positive attention to our school, students, and teachers; not to myself. Looking back, it has been a tremendous amount of work, plenty of late nights and weekends, and a bunch of 3:45 a.m. wake up alarms, but I’ve been a witness to how our school has helped students and teachers so it has absolutely all been worth it.”

When he was in college and deciding on a major, Schexnaydre said he knew that he wanted to pursue a career that would allow him to lead a happy, rewarding and fulfilling life.

“I kept thinking about how much I loved Destrehan High School and how impactful my teachers were to me, and so I decided to be a teacher,” he said. “We have such a special thing here in St. Charles Parish.”

Schexnaydre said he absolutely loves going to Hurst every day.

“My late grandmother, Yvonne Roussell Schexnaydre, was the only person in her family to graduate high school. She graduated from Destrehan High and her favorite teacher was Harry Hurst,” he said. “She instilled that love of education in her children and grandchildren, so to be here decades later and win Louisiana Principal of the Year as the principal at the school that bears the name of the teacher who made an impact on my grandmother is just incredibly special. I probably couldn’t have imagined it any better if I tried. The faculty and staff here at Hurst are the best group of human beings I’ve ever been around and they are the main reason for our success.”

Schexnaydre said while he is honored to have received the award, there may have been a mistake.

“They really should have given the award to my wife and kids,” he said. “My wife Leanne and our two children, David and Julia, are the real MVPs. They support me in everything I do and provide me with everything I need to live my best life and go out and be Hurstastic every day. I’m blessed and fulfilled in my professional life, but it still pales in comparison to all that I have in my personal life.”

SHERIFF from 4A

message to various state sheriff’s associations.

“For example, I plan to attend a gathering of several sheriff associations coming up in September in Arizona near the southern border to bring attention to the absurdity of the current border policy of the administration,” he said.

The NSA was chartered in 1940 and is a professional association dedicated to serving the Office of Sheriff and its affiliates through law enforcement education and training, and through the provision of general law enforcement informational resources. NSA represents thousands of sheriffs, deputies and other law enforcement, public safety professionals and concerned citizens nationwide.

Champagne said he has been greatly impacted by the NSA.

“I began attending National Sheriff’s Association Conferences in 1997 during my first full year in office. I had not even dreamed of ever serving on the board, much less becoming president of the organization,” he said. “I was amazed at how much I learned about the latest techniques and ideas/ projects designed to both

keep citizens notified and to protect our communities. There have been many programs that I implemented which have worked extremely well. Many of these I learned about from other sheriffs around the country.”

He said NSA events have helped him look up and see the bigger picture.

“Sometimes, sheriffs tend to stay focused on local politics and I truly believe it prevents them from viewing the management of a sheriff’s office as a long-time proposition that must be continually re-evaluated lest the agency becomes stagnant,” he said. “True change and improvement takes time. A large organization cannot be turned on a dime. It takes planning, vision, and the ability to self-critique. Leadership courses have really only come into vogue in recent years and I have fully embraced it agency wide. It is ongoing and has without a doubt made us a better crime fighting and service-oriented agency.”

He said his involvement with the NSA has also kept him informed on technology improvements for law enforcement.

DHS adds 7 to athletics staff

Four new head coaches among the new faces for 2021-22

Ryan Arena Editor
ryana@heraldguide.com

The Destrehan athletic program is seeing considerable change for the coming school year, with several new hires in place to fill recently vacated positions – both on the coaching sideline and in administration.

The Wildcats have hired Khary Carrell to lead the boys basketball program, after former DHS head coach Troy Green stepped down to accept the same role at East Ascension.

Jade Gallaher

Adison Giambrone will step in as Destrehan's new head volleyball coach, taking the helm for the departed Edward Borgstede. Jade Gallaher will be the school's new girls' head soccer coach, taking over for

Twalla Powell

Khary Carrell

former coach Mert Deger. And Twalla Powell will join the school as its new head girls basketball coach, taking the helm after Jenn Miller. Christian Bailey will join the athletic program as strength and conditioning coach.

George McGovern and Jasper Vinnett will be stepping forward into athletic director positions with the school.

Each of those hires was fi-

Christian Bailey

nalized in the last few weeks, joining new softball head coach Craig Perrier Jr., who was named retiring DHS softball coach Kenny Montz's successor earlier this year.

Carrell, 45 and a native of Baton Rouge, takes over a boys basketball team that made a major leap under Green in what was the latter's second and final season at DHS, earning a share of the District 7-5A championship and reaching round two of the 5A playoffs as a 9-seed after missing the postseason in 2021. Carrell is a graduate of McKinley, where he established a championship pedigree – he was a member of McKinley's Class 4A state basketball championship team in 1993.

As it turns out, he is actually the second straight boys basketball coach to make the jump from White Castle – as Green was the boys basketball coach at WCHS, Carrell led the Lady Bulldogs program from

George McGovern

2016 to 2021, including a state semifinal appearance in 2020, a season before he would go on to be named the District 7-1A Coach of the Year. His record at White Castle was 48-54 overall. He also led Kenilworth Science and Technology School to the Baton Rouge Middle School Championship in 2014.

As its head volleyball coach, Giambrone guided No. 19 seeded Vinton to its first playoff victory in more than 20 years, a three games to one win over

Kenner Discovery last season. She has also served as head softball coach and assistant volleyball coach at St. Louis Catholic. This will be her eighth year as a coach. She brings both club and collegiate coaching experience as well, serving as an assistant on the Northwestern Oklahoma State University staff.

She was a standout collegiate athlete, earning her way into the 1,000 digs club at McNeese

Jasper Vinnett

State as a four-year starter as setter and defensive specialist/libero. She has played the third most matches in that program's history with 126.

Gallaher, a Slidell native and Northshore alum, is earning her first head coaching role with the Wildcats girls soccer program. She was a star prep player with the Panthers, earning All-District accolades while helping the Panthers earn state championship honors as the team's goalkeeper.

Previously, she served as Goalkeeper Coach at E.D. White, and currently coaches club ball in St. Charles Parish. She said her goal for the program is to build a lasting soccer legacy for the Destrehan program that will inspire young girls in the community to play.

Powell has nearly 20 years of experience as a coach and

Adison Giambrone

educator, including a recent tenure at Riverdale as girls head basketball coach. In her playing days, she was a stellar athlete, scoring more than 1,000 points in four seasons at the University of New Orleans, leading the team in points per game in 1995-96 and ranking 10th in the Sun Belt Conference. At the same time, she competed in the heptathlon and various open events for the UNO track and field team.

While a prep star at St. Mary, she was named MVP in four sports and her high school jersey number was retired in basketball, volleyball, softball and track. She was named the USF&G Sugar Bowl Outstanding Female Athlete in the Greater New Orleans area in 1993. Powell said she believes her purpose is to help others develop and utilize their talents to maximum potential in life, and is turning her attention to helping DHS build a successful tradition on the basketball court.

McGovern has been a member of the Destrehan staff for 13 years as its athletic trainer and sports medicine teacher. A native of Chalmette, he has been involved in River Parishes athletics since 2005, after beginning with St. Charles Catholic

JAYBIRD from 10A

Tanya stayed with her son Jared in Texas after Hurricane Ida, and it was there that inspiration struck.

Jared, an occupational therapy student, came home one night and told his mother about learning to make stress balls using rubber medical gloves. He told her that while other students fashioned theirs into a ball, he had made a hand.

“I had been searching online ... I looked on Etsy and all sorts of sites looking for a flexible hand and I couldn’t find anything,” she said. “When he told me that I said, ‘Oh my gosh, that’s what I’ve been looking for.’ I had never told my kids.”

When Tanya got her own hands on the constructed hand, she knew it was what she had been looking for.

“I slept with it that night,” she said. “I still do sometimes. It just felt right ... it just made me feel better.”

Tanya eventually covered the glove with one of Jay’s old golf gloves for protection from her curious dog.

Jay and Tanya Bryant were married for 27 years.

“God speaks to me in quiet times, and I was just thinking about the hand,” she said. “He really said to me, ‘That’s Jay’s hand, but that’s My hand too. I’m holding you in My hand during this time.’”

Tanya said it wasn’t long before her friends and family members encouraged her to make more hands to help other hurting or lonely people.

“I thought it could help other people, because it was helping me,” she said.

After a year of planning, The Jaybird Project has been shipping out comfort hands for a few weeks. With each one is enclosed a prayer card and personal note.

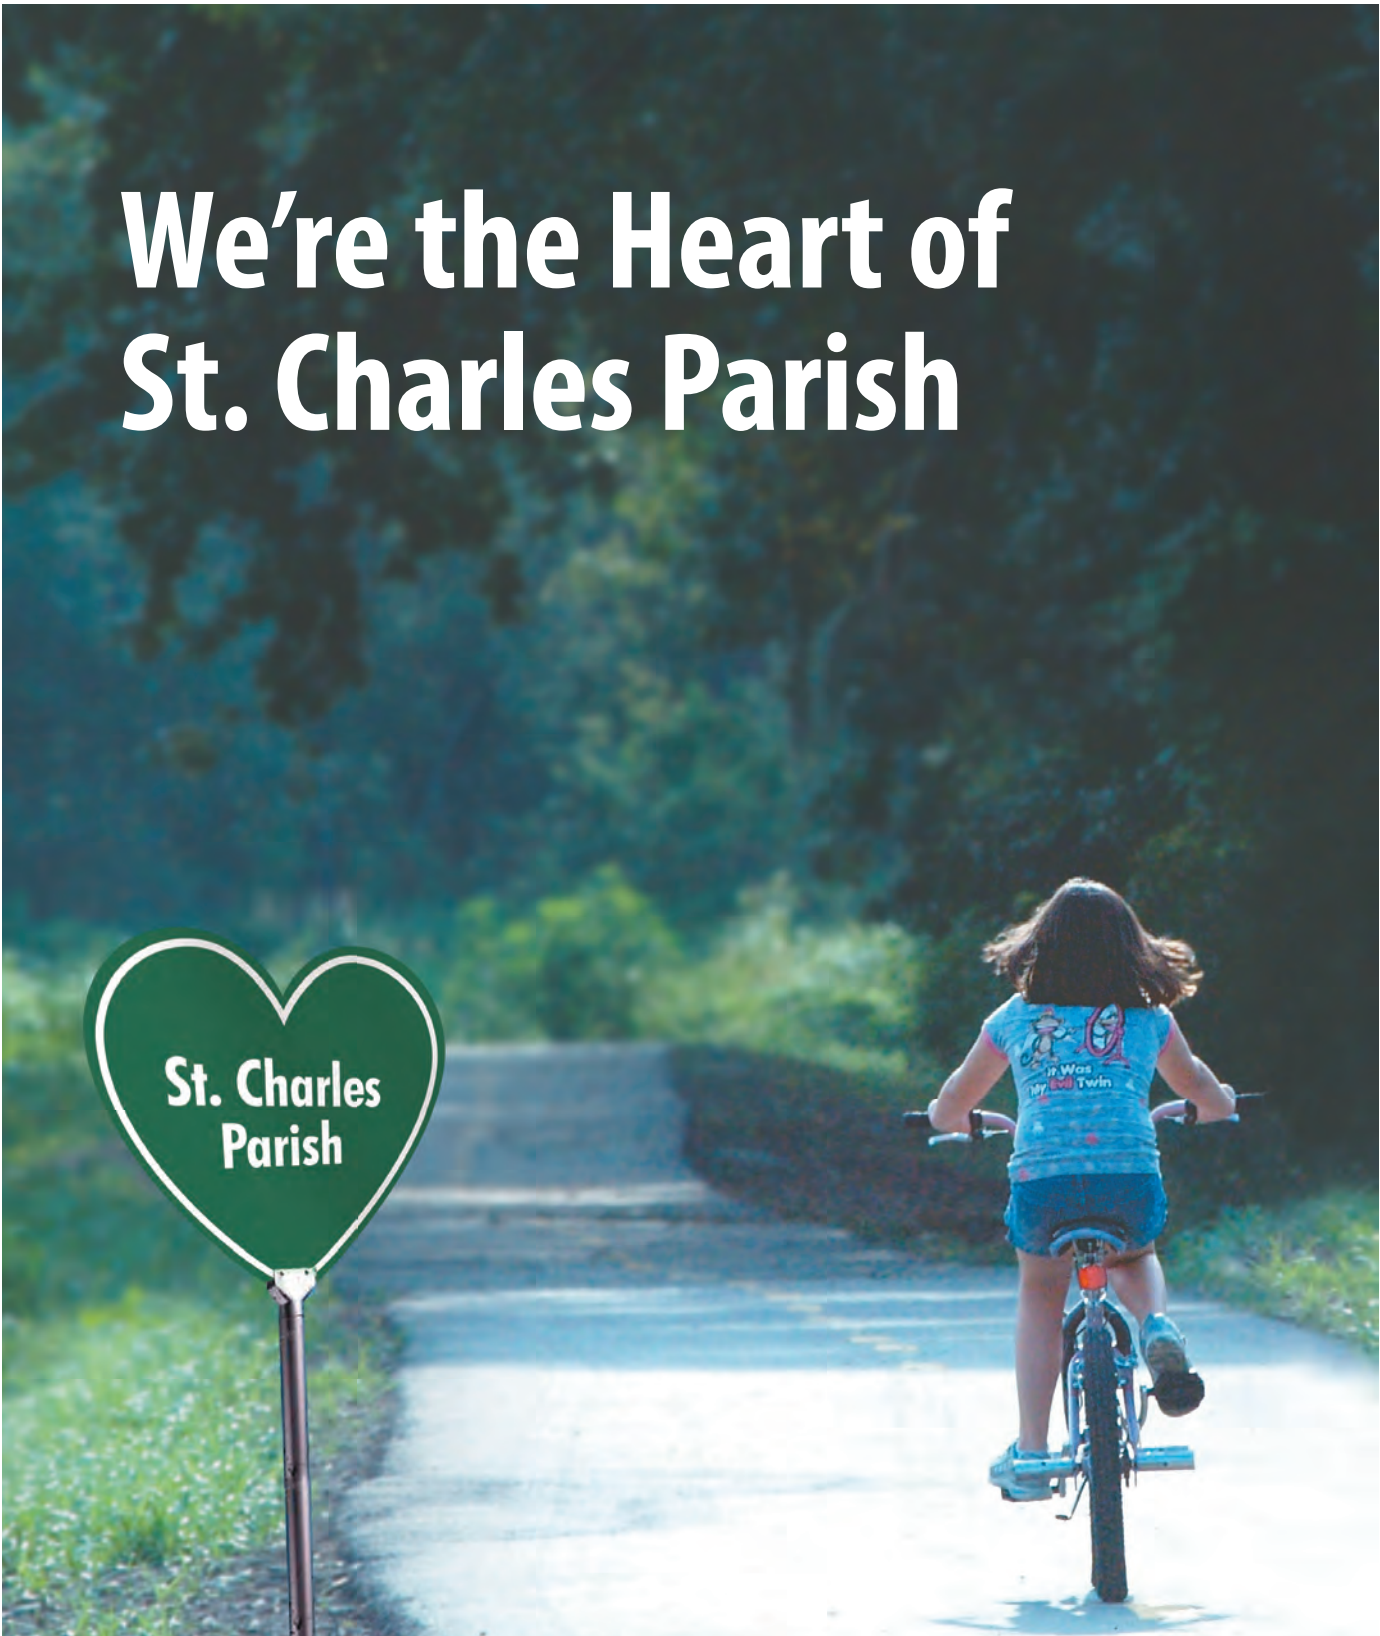

“What I kind of envisioned was partnering with hospices or funeral homes or a nursing care facility ... places where people need comfort and hope,” Tanya said.

With word spreading on the project via social media, Tanya said she has been busy shipping out packages to

individuals.

“I’m super excited,” she said. “The Jaybird Project was founded with God’s grace and patience. It’s a simple and beautiful way to remind us that God has a plan. He is always with us, holding on to us even in our dark and difficult times.”

"Heaven or Hell"

Heaven is a place of joy & rest. Hell is a place of sorrow & torment. Make your choice dear one, no one else can do it for you. Our life here is but a spin, over there is forever & ever. The days are passing fast for us to go where we choose. Heaven's gates are opened wide. Hell's Gate's will swallow you for Eternity. Don't make a mistake & miss Heaven or you will be doomed forever. Our Lord is waiting for us to come Home the Devil is waiting to take you away. Don't let the Devil have His way, give it all to Jesus & it will be O.K. Which one will it be dear one? The choice is yours, you see.

Amen

Meeting called to order at 5:00 PM

1. Risk Management & Insurance Committee

1.01 Monthly Legal Update – Executive Session Committee Meeting Only

Art Aucoin called the Risk Management & Insurance Committee Meeting to order.

Motion by J. Robichaux; second by D. Naquin and unanimously agreed to go into ex. Session per L.A.S. 42:16-17.

Director of Risk Manager & Benefits Darrinisha Gales presented a legal update to the Board.

Motion by D. Naquin; second by J. Robichaux to return to regular session.

1.02 Approval of Liability Insurance Brokerage

Director of Risk Manager & Benefits Darrinisha Gales informed the Board that The Risk Management Department solicits brokers on a three year cycle. We are in year three of three. Request for Qualifications were requested from several brokers through advertisements. The district received three responses to the Request for Qualifications. The Risk Management and Insurance Committee reviewed and evaluated statements of qualifications based upon the criteria set forth in the Request for Qualifications and received oral presentations. The selection of Alliant Insurance Services, Inc. provides the District with high quality services. A discussion was held on the process of choosing Alliant and future process of RfQs and the timeline. A copy of the RfQ's and rubric score sheets were requested by J. Smith and were subsequently provided to the Board. A discussion was held. D. Naquin asked if the future process for RfQs could include the current company holding the business be notified and a standard process be set or decided by each Committee. The Board directed Administration and the Superintendent to develop a processor selection, whether it be by individual committees or the Board as a whole and be consistent.

This item will be on the July 20, 2022 Board meeting agenda.

1.03 Approval of Flood Insurance Brokerage

Director of Risk Management & Benefits Darrinisha Gales informed the Board that the Request for Qualifications were requested from several brokers through advertisements. The District received two responses to the Request for Qualifications. The Risk Management and Insurance Committee reviewed and evaluates statements of qualifications based upon the criteria set forth in the Request for Qualifications and received oral presentations. The selection of Riverlands Insurance Services, Inc. provides the District with high quality services.

This item will be on the July 20, 2022 Board meeting agenda.

1.04 Purchase of Student Accident and Catastrophic Insurance

The School Board has purchased student accident insurance for all students and athletic participants for the past twelve years. Cost of the program is driven by claims experience. Director of Risk Management and Benefits Darrinisha Gales has received renewal rates from Risk Services of Louisiana, Inc. The renewal of the plan has a 0% increase. A discussion was held on a particular student accident incident.

This agenda item will be on the July 20, 2022 Board meeting agenda.

1.05 Purchase of Excess Workers' Compensation Insurance

The District's coverage for excess workers' compensation insurance with Midwest Employers Casualty by Specialty Captive Group expires on July 31, 2022. The current plan is a self-insured retention of \$750,000 per claim. Director of Risk Management and Benefits Darrinisha Gales has received four options for excess workers' compensation insurance. J. Robichaux inquired about the claims spent under \$750,000.

This agenda item will be on the July 20, 2022 Board meeting agenda.

1.06 Purchase of Faithful Performance Bonds

The purchase of Faithful Performance Bonds is a good business practice and protects the School Board's assets. The School Board purchases various bonds covering the School Board and all employees. These are issued as three separate bonds which will expire on July 31, 2022. Director of Risk Management and Benefits, Darrinisha Gales, has received quotes from CNA Western Surety for the Faithful Performance Bonds for the Superintendent and the Tax Collector and from Travelers for the Employee Dishonesty Bond from LA Insurance Service. There was no increase on our bond from last year and E. Gales will check into if these faithful performance bonds go out to bid or RFP. A chart will be made available to the Board concerning what does and what does not go to bid.

This agenda item will be on the July 20, 2022 Board meeting agenda.

Motion by J. Robichaux; second by D. Naquin to adjourn.

2. Finance & Audit Committee

A. Sutfin called the Finance & Audit Committee meeting to order.

2.01 Industrial Tax Exemption Application - Bunge North America, Inc.

Effective July 1, 2018, Governor Edwards directed that changes be made to the Industrial Tax Exemption Program (ITEP) which alters the conditions under which a manufacturing company may be granted an ad valorem tax exemption and allows local governing bodies to be involved in the approval process. Each local governing body may approve the exemption of 80% of its share of the ad valorem taxes over a ten year period. Chief Financial Officer Ronald White and representatives from Bunge Inc. presented to the Board on their project and a discussion was held.

This agenda item will be on the July 20, 2022 Board meeting agenda.

2.02 Resolution to Approve the Millage Rates for the Tax Year 2022

With no objections or discussion Item 2.02 will be moved to the July 20, 2022 Board meeting.

2.03 Request for Proposals - Emergency Project Management

Chief Financial Officer Ronald White reviewed with the Board their request to have available qualified firms to provide project management and grant management consultation related to potential future natural disasters or other emergencies. In order to determine the most qualified firms to provide these services, it would be prudent for the District to issue a request for proposals from firms for the procurement of these services. The process of RFPs were also discussed and the possibility of having a staff member do the complete work such as a Compliance Officer. Al Sutfin asked for clarification of work done by the Project Management firm vs. work done by Physical Plant Services which was explained by Chief Plant Services and Security Officer John Rome, Jr.

This agenda item will be on the July 20, 2022 Board meeting agenda.

2.04 Resolution on Oversight Authorization of School Board Bank Accounts

With no objections or discussion Item 2.04 will be moved to the July 20, 2022 Board meeting.

2.05 Interim FY23 Budget

With no objections or discussion Item 2.05 will be moved to the July 20, 2022 Board meeting.

2.06 Accounts Payable for the Month of June 2022

With no objections or discussion Item 2.06 will be moved to the July 20, 2022 Board meeting.

Motion by C. Savioe; second by D. Naquin to adjourn.

3. Capital Improvements

D. Naquin called the Capital Improvements Committee meeting to order.

3.01 Request for Proposals - Debris Monitoring Services

With no discussions or objections, Item 3.01 will be moved to the July 20, 2022 Board meeting.

3.02 Request for Proposals - Environmental Services

With no objections or discussion, Item 3.02 will be moved to the July 20, 2022 Board meeting.

3.03 Change Order Number Three - Destrehan High School Gym Renovation and Addition

Chief Plant Services & Security Officer John Rome reviewed the contract modifications in change order number three which includes a contract extension of 160 days due to weather delays, COVID 19 material delays and Hurricane Ida work suspension days. In addition, thirty-one (31) changes of liquidated damages are being assessed to remedy losses sustained by the District due to additional delays in completion of the project. The total credit for all changes is \$44,500. The Architect recommends acceptance. Acceptance of this change order will allow the District to make the necessary modifications to the existing contract. Michael Tabb with Murray Architects and Ryan Noland with NPT assisted in the explanation of the project.

This item will be on the July 20, 2022 Board meeting agenda.

3.04 Substantial Completion - Destrehan High School Gym Renovation and Addition

Chief Plant Services & Security Officer John Rome, Michael Tabb with Murray Architects discussed the renovations at Destrehan High School Gym Renovation and addition which have been completed. The project is ready to be accepted as substantially complete. The final inspection was held on Friday, July 15, 2022, with punch list items remaining. Acceptance of the renovations as substantially complete will allow the contractor to process all close out documents. The architect recommends acceptance. The inspection will take place July 19, 2022 and notification will be given.

This agenda item will be on the July 20, 2022 Board meeting agenda.

3.05 Ratification of Change Order Number Four - Hahnville High School Gym Renovation and Addition

Chief Plant Services & Security Officer J. Rome, Scott Welby and Glenn Higgins with Welby Architects presented the total credit for all changes for Hahnville High School Gym renovation and addition is \$5,059.29. The contract was extended by 179 calendar days due to weather delays, COVID-19 material delays, and Hurricane Ida damage delays. The Architect recommends acceptance. To prevent further delay of the project, authorization was given to the contractor to proceed with the work after getting approval from the Board President, Vice President, and Capital Improvements Chairperson. Approval of this change order will allow the District to make the necessary modifications to the existing contract.

This item will be on the July 20, 2022 Board meeting agenda.

3.06 Substantial Completion - Hahnville High School Gym Renovation and Addition

With no discussions or objections, Item 3.06 will be moved to the July 20, 2022 Board meeting.

3.07 Safe Schools Update - Request for Additional Resource Officers

Chief Plant Services & Security Officer John Rome and Sheriff's Office Captain Renee Kinier reviewed with the Board the enhancement of the District's Safety and Security program. Administration recommends adding two resource officers for elementary schools and one additional roving resource officer for secondary schools. A discussion was held on the River program and coverage of all the schools which will be evaluated yearly and data tracked by the Sheriff's Office.

The Safe Haven audit proposal was also discussed and whether to do it on all schools. A discussion was held and Administration was directed to include all schools as part of the audit. A separate item will be added to the upcoming Board meeting.

3.08 Architect/Engineer Selection, Site Work/Testing, and Inspection Services - Committee Meeting Only

Chief Plant Services & Security Officer John Rome, Jr. presented several projects that have been previously approved by the Board. At this time, it is appropriate to select professional service firms for these projects. The Board was directed to an attached list of qualified firms to provide these services. A discussion was held including the budget for services. E. Alexander asked for a cost list of each project.

3.09 Physical Plant Services Temporary Project Manager Position

Chief Plant Services & Security Officer John Rome presented the impacts of hurricane Ida. The District is currently in the construction phase of six major bid projects with two more requiring design/construction. Additionally, with the passage of the 2022 Bond Issue, the District is set to embark on the design and construction of \$35,000,000 in capital projects. The need for a temporary project management assistance is imminent and necessary with this additional project load for the Department of Physical Plant Services. A discussion was held including the temporary aspect of the position. The Board directed Administration to remove "temporary" and make it a permanent position to be evaluated after 3 years.

This agenda item will be on the July 20, 2022 Board meeting agenda.

Motion by A. Sutfin; second by E. Alexander to adjourn.

4. Personnel & Policy Committee

4.01 The Dr. Rodney R. Lafon Performing Arts Center Restructuring Plan

C.H. Savioe called the Personnel & Policy Committee meeting to order.

Executive Director of Equity & Student Support Tamika Green and Director of the Rodney R. Lafon Performing Arts Center Chris Aucoin-Meloin presented to the Board the Dr. Rodney R. Lafon Performing Arts Center restructuring plan. Modifications are required to meet the current needs of the facility due to increased use and continued growth. A discussion was held on income, expenses, current & proposed structure, rentals, shows and job description comparisons. The Facility rental service program and process was also discussed.

This agenda item will be on the July 20, 2022 Board Meeting agenda.

4.02 The Dr. Rodney R. Lafon Performing Arts Center Job Description Additions and Revisions

Executive Director of Equity and Student Support Tamika Green and Director of the Rodney R. Lafon Performing Arts Center Chris Aucoin-Meloin presented the job description additions and revisions to the Board. Job descriptions are being recommended to meet the current needs of the Dr. Rodney R. Lafon Performing Arts Center.

This agenda item will be on the July 20, 2022 Board meeting agenda.

4.03 Revisions to Policy 5.74 - Purchasing and Bidding - First Reading

Chief Financial Officer Ronald White presented Item 5.74. Based on feedback from the District's attorneys and a review of Policy and Procedure 5.74 - Purchasing and Bidding, it was determined that certain revisions were required.

This agenda item will be on the July 20, 2022 Board meeting agenda.

4.04 Proposal Acceptance - Substitute Management Services

Assistant Superintendent of Human Resources and Administrative Services Tresa Welby and Administrator of HR Compliance, Development, and Retention Erick Treuling presented Item 4.04. A Request for Proposals was issued by the District to obtain a qualified firm to provide substitute management services. Proposals were received from four firms. The evaluation committee recommends entering into a one-year contractual agreement with ESS to provide substitute management services for the District. Once effectiveness is determined, the Human Resources Department will make a recommendation to continue or discontinue services. An evaluation tally sheet was referenced. A discussion was held on the contract timeline.

This agenda item will be on the July 20, 2022 Board meeting agenda.

4.05 Personnel Items

Assistant Superintendent of Human Resources & Administrative Services Tresa Webre presented Item 4.05. Staffing management is necessary to maintain effective functioning of St. Charles Parish Public Schools. The Human Resources Department provides a staffing update monthly to the Board. A discussion was held including staffing update, minority blind positions and contracting out certain positions. A teacher incentive program along with the salary study was also discussed.

This agenda item will be on the July 20, 2022 Board meeting agenda.

5.02 Superintendent's Report

1. Hurricane Ida Recovery Costs

As of today, we have incurred a total of \$31,885,542 in Hurricane Ida recovery expenses. We are projecting future costs to be approximately \$17.4 million, including \$14.2 million for the large construction projects and \$3.4 million for the smaller projects. We have received \$26,216,672 in insurance payments thus far.

2. 2022-2023 School Year

The 2022-23 school year is quickly approaching and we are as excited as ever to welcome our students and families back from what I hope was a restful summer break. To ensure a smooth transition to the start of the new school year, we will once again conduct staggered starts for kindergarten through 12th grade students. Kindergarten through 12th grade students with a last name beginning with A through K will attend their first day of school on Monday, August 8th and will remain home on Tuesday, August 9th. Kindergarten through 12th grade students with a last name beginning with L through Z will attend school on Wednesday, August 10th. Pre-Kindergarten students will begin their staggered start on August 16th and 17th. Information relative to returning to school will also be sent by school administration.

3. Back to School Communication A Back-to-School brochure is being mailed to all St. Charles Parish residents prior to school reopening. Please check your mailbox in the coming weeks for the brochure. Students will once again receive an Inbox. The Inbox contains important district and school documents for the year. I'd like to thank Shell Norco Manufacturing Complex for its continued support of funding for the Inbox. Please be sure to review the information in the Inbox and complete any back-to-school paperwork before the deadline. Please visit the district's website and school websites for important back to school information. Information is being updated regularly with important information for the start of the new school year.

4. Youth Rally

The annual Youth Rally for St. Charles Parish students and parents will take place on Saturday, July 30, 2023, from 9:00 A.M. - 12 noon in the Dr. Rodney R. Lafon Performing Arts Center parking lot. The rally is sponsored by St. Charles Parish Sheriff's Office, A Safe Place of St. Charles, Blessed, To Be A Blessing, United Way of St. Charles, and St. Charles Parish Public Schools. This year's event will be a drive-through school supply give away to the first 600 St. Charles Parish residents. This is a great kick-off to the school year! Hope to see you there.

5. Transportation Update Our Transportation Department has worked hard all summer implementing new software to improve efficiencies and communication to our families. Our biggest improvements are our parent app (rolling out for the start of the school year), GPS with turn by turn directions on all of buses, student scanning and tracking on all buses and simplified online bus registration. The parent app will assist parents with bus pick up and drop off times as well as communicating bus changes. The GPS system will be preloaded with all bus routes and assist auto and cover operators with running routes correctly and timely. Student tracking will ensure all students are boarding the correct bus and exiting at the correct stop. Our online bus registration will speed up the time it takes to get students routed on buses.

6. Safety and Security Update

Finally, as we prepare for the start of another fantastic school year, please know the health and safety of our students and employees is and will continue to be a top priority. Our safe schools program is robust and developed with the support and partnership of the St. Charles Parish Sheriff's Office, St. Charles Parish Emergency Operations Center, St. Charles Parish Hospital and local first responders. It is continuously evaluated and improved and is currently being reviewed by nationally renowned safe schools expert Michael Dorn from Safe Havens International as part of an ongoing process to ensure protocols and practices in place are of the highest standard. Employees will take part in their yearly training of these protocols at the start of the year. The school system has recently expanded our safe schools program with safety modifications to school campuses including single point entries, safety vestibules, perimeter fencing, state of the art camera systems linked to local law enforcement, and other modifications made possible through community supported bond issues. School resource officers are located on our middle and high school campuses, and our tonight's passage will also serve our elementary schools and head start centers. Each school has a safe schools team that facilitates training and conducts safety drills throughout the school year. This year, our entire school system, in partnership with many state and local agencies, will also participate in an Active Shooter drill at conducted at one of our sites. The mental health and wellness of our students is also a top priority. In the past few years, our Board has made significant investments in resources to support the social-emotional wellness needs of our students. We have implemented school-based Social-Emotional Wellness Teams (SEWT) at each school. Licensed mental health professionals, as well as school counselors, play a critical role on these teams by providing wraparound support to students. We also conduct a universal screening to identify students experiencing trauma, anxiety and other adverse circumstances, determine if additional student supports are needed, and then assign internal and external resources as appropriate to address their needs. As a community, we will continue to work together to keep our schools safe and promote a culture where everyone's responsibility is to be vigilant and focused on safety.
